Air Emission License
Transfer**

FINDINGS OF FACT

After review of the file and related materials submitted with regard to the above noted application, pursuant to Title 38, Maine Revised Statutes Annotated (M.R.S.A.), Section 590 and 06-096 Code of Maine Rules (CMR) 115 (as amended), the Maine Department of Environmental Protection (Department) finds the following facts:

I. Registration

Mid Coast Hospital has requested the transfer of Air Emission License A-102-71-I-R from Parkview Adventist Medical Center to Mid Coast Hospital – Parkview Medical Center through a letter to the Department dated October 30, 2015. Air Emission License A-102-71-I-R was issued to Parkview Adventist Medical Center on October 14, 2014. The facility is a healthcare facility located at 329 Maine Street, Brunswick, Maine.

II. Transfer Requirements

A. Title, Right, or Interest

In their application, Mid Coast Hospital submitted copies of property deeds transferring ownership of the facility to Mid Coast Hospital. The parties have provided sufficient evidence of title, right, or interest in the facility to allow the transfer of the facility's license.

B. Technical Capacity and Intent

Mid Coast Hospital's acquisition of the facility is not expected to result in any significant change in the employees who currently operate the equipment, facilities, and conduct other activities. The facility's regulatory history with the Department demonstrates that the environmental personnel are competent in air pollution control. The information submitted in the application provides sufficient evidence that Mid Coast Hospital has the technical capacity and intent to comply with their air emission license.
